CAMPUS LAW ENFORCEMENT

Campus staff with security responsibilities is always at the College facilities during business hours. PROGRAMS TO INFORM STUDENTS AND EMPLOYEES ABOUT CAMPUS SECURITY

All new students and employees are informed about safety and security procedures at their respective orientation programs and in their respective handbooks.

PROGRAMS TO INFORM STUDENTS AND EMPLOYEES ABOUT THE PREVENTION OF CRIMES

In the event of the commission of certain crimes that represent a continuing threat to students and employees, Aviator College of Aeronautical Science & Technology will issue warning reports to advise everyone on the recurring actions and the procedures that will be taken for further prevention. For instance, in the case of repeated burglary or thefts in a facility, warnings will be distributed to all faculty and staff with instructions for faculty to inform their classes and/or post notices throughout the building.

DRUG AND ALCOHOL POLICIES

In keeping with Sections 120(a)-(d) of The Higher Education Act of 1965, as amended, including the Drug-Free Schools and Communities Amendments of 1989 (Public Law 101-226), a "Drug Free Schools and Campuses" publication/the College Drug Prevention Policy, is available to all Aviator College of Aeronautical Science & Technology students and employees annually. Pursuant to federal and state drug laws as well as the FAA regulations, students are prohibited from the unlawful manufacture, distribution, possession, sale or use of illicit/illegal drugs. Aviator College of Aeronautical Science & Technology also enforces Florida laws regarding underage drinking. This prohibition applies while on school property or when participating in any institutional activity. Students or employees who violate this policy will be subject to disciplinary action up to and including, expulsion from school or termination of employment and suspension of their FAA / JAA licenses.

The following prohibited conduct is applicable to both employees and students:

- o Employees and Students are prohibited from the unlawful manufacture, distribution, possession or use of illicit drugs or alcohol while on school property or when participating in any school activity on or off campus. This prohibition applies to flight training and time building outside the territorial limit of the state.

o All underage students are subject to Florida laws regarding alcohol possession and consumption. All students and employees are also subject to all federal and state laws regarding illicit drug possession and use. Employees or students who violate this policy will be subject to disciplinary action up to and including expulsion. In addition to legal penalties, a felony record or conviction of a drug related crime can prevent a person from entering some careers. Violations of this policy could result in the College losing its eligibility to receive institutional and/or federal financial assistance. Confidential help is available to any person requesting this assistance. Students with questions or concerns about drug and alcohol abuse should contact a school official immediately.

PROCEDURES REGARDING SEXUAL ASSAULT/RAPE, STALKING AND DOMESTIC/DATING VIOLENCE

Should any of the offenses identified above occur the procedure is the same as reporting other crimes occurring on campus. Students are encouraged to file a report with both campus security/administration and law enforcement immediately. Aviator College of Aeronautical Science & Technology designated staff will assist in filing such reports at the student's request.

The St Lucie Sexual Assault Assistance Hotline in Fort Pierce can be reached at: 1-866-828-7373 % State Attorney, 19th Judicial Circuit, 411 S 2nd Street Fort Pierce, FL 34950-1594 or Kissimmee Police Department, 8 North Stewart Avenue, Kissimmee, Florida 34742 at 407-847-0176.

Victims of sexual assault/rape, stalking; and domestic/dating violence should follow these recommended steps as applicable. All evidence should be preserved in the event of a sexual assault/rape; clothes kept, the area of the offense unaltered and the victim should not wash, bathe or clean before notifying police. Contact the police immediately by dialing 911. Do not destroy any of the clothing worn at the time of the attack. Go to a hospital emergency room for medical care. Make sure evaluations are made related to the risk of pregnancy and sexually transmitted disease. A medical examination is the only way to ensure injuries are properly evaluated and could provide valuable evidence toward prosecution of the offender. The victim should have someone with them to provide emotional support. It is the student's option to notify the appropriate law enforcement authorities, including on-campus authorities and local police.

In the case of an alleged offense, if requested by the victim, Aviator College of Aeronautical Science & Technology will make reasonable arrangements to change a student's academic and living situation, transportation and college working conditions, if applicable. Following such a request the college will offer alternate and separate transportation and classes to the parties involved; as well as separate living arrangements at the college's housing locations. An offender may be turned over to law enforcement officials when appropriate, although some cases may be handled internally. In such circumstances, students accused of offenses

would be subject to investigation by officials of the College; be given the opportunity to make a written statement and present witnesses in their defense and may then be subject to disciplinary actions up to and including suspension or termination from the college. In the case of an investigation handled internally by the college, during the disciplinary hearing both parties have the right to have the each other in attendance and preponderance of the evidence shall be the standard of proof in the proceeding. Both the accused and the accuser will be informed of the outcome of any institutional disciplinary proceeding alleging a sex offense.

DISCIPLINARY ACTION AND SANCTIONS

On-campus disciplinary procedures against students will be conducted in accordance with Aviator College of Aeronautical Science & Technology's published Student Conduct Policy. Both the accuser and the accused are entitled to have others present during a disciplinary proceeding wherein preponderance of the evidence may be the standard of proof. Both will be informed of the outcome of any campus disciplinary proceeding. For this purpose, the outcome of a disciplinary proceeding means only Aviator College of Aeronautical Science & Technology's final determination with respect to the alleged sexual offense and any sanction that is imposed against the accused. Sanctions which may be imposed following a final determination in a disciplinary proceeding regarding rape, acquaintance rape, or other forcible or non-forcible sex offenses and those identified in the preceding paragraph, may include warning, probation, suspension or dismissal.
